Mr. Dana Bowman
100 Spanish Oak Road
Weatherford, Texas 76087

Dear Dana:

On behalf of the Texas RehabACTion Newtork, I wish to convey our sincere appreciation for your participation in the recent TRAN Conference in Ft. Worth, Texas. What a thrill it was to watch the excitement on the faces of our members and friends as they witnessed your unforgettable skydive to open our Conference.

Your presentation on the following day was the highlight of the entire event. This is a time of transition for Rehabilitation professionals all across Texas. We were challenged and inspired to persevere despite the prospect of any difficulties that might come across our paths. You helped us to remember why we had chosen the field of rehabilitation, and we were motivated to overcome the obstacles that life occasionally presents. Hearts were touched and commitments were renewed.

We will always remember your courage in the face of adversity, and we will carry your message of encouragement to those we have the priviledge to serve.

Thank you for sharing your enthusiastic story of success with those of us who choose to work in this field. Your motto, "It's the Ability...not the Disability" will forever be a reminder that together we can make a difference.

Sincerely,

A handwritten signature in cursive script that reads "Betty Davis".

Betty Davis
