Re: Dana Bowman

The Dallas Fort Worth Case Management Society of American had it annual spring conference March 4,5 and 6<sup>th</sup> 2004. The conference was a huge success with over 300 attendees from 12 states. The attendees were nurse Case Managers and Social Workers from various areas of employment. One of the biggest reasons it was a success was the very inspirational and motivational speaker at our general session, Dana Bowman. Mr. Bowman had first had experience as a patient and could relay his experience in recovery and his barriers in that process. He also was an inspiration to all of us in how he now helps others in his same situation. His "can do" attitude toward life is exceptionally motivating.

We found Mr. Bowman dynamic and captured with excitement the whole room of attendees. As an exit we always ask our attendees to evaluate our speakers and the conference as a whole. Mr. Bowman was extremely high rated by all and requested that we call him back to speak in the future.

Mr. Bowman was the last speaker of our conference and all the attendees stayed just to hear him speak. This is commendable and has never happened at any of our conferences in the past.

Thank you for the opportunity to introduce to you Dana Bowman as an extraordinary speaker.
