

WESTWOOD STUDENT COUNCIL

January 5, 2006

Dear Sgt. Bowman:

Thank you so much for coming and sharing your fantastic presentation last fall! Your message of overcoming obstacles was perfect for our At-Risk student population. They have not stopped talking about your amazing abilities and drive to keep going after hitting road blocks. Our staff was very impressed with your skill for captivating this audience of seventh and eighth grade students.

Thank you for your time! I know that this was an assembly that the students will never forget!

Sincerely,

Holly Kessler
